201. In any case in which no bye-laws have been made under sub-section (3) of section 199, the committee may, within 14 days of the receipt of the notice required by sub-section (2) of that section, require a person who has given such notice to furnish, within one week of the receipt by him of the requisition, information on all or any of the matters as to which bye-laws might have been made, and in such case the notice shall not be valid until such information has been furnished.

notice by which any person may submit to the committee in writing any objection or suggestion with regard to such scheme which he may wish to make.

(3) The committee shall consider every objection or suggestion with regard to the scheme which may be received by the date intimated under the provisions of sub-section (2) and may modify the scheme in consequence of any such objection or suggestion and shall then forward such scheme as originally drawn up or as modified to the Deputy Commissioner, who may, if he thinks fit, return it to the committee for reconsideration and resubmission by a specified date; and the Deputy Commissioner shall submit the plans as forwarded, or as resubmitted, as the case may be, with his opinion, to the State Government, who may sanction such scheme or may refuse to sanction it, or may return it to the committee for reconsideration and resubmission by a specified date.

(4) If a committee fails to submit a scheme within six months of being required to do so under sub-section (1), or fails to resubmit a scheme by a specified date, when required to do so under sub-section (3), or resubmits a scheme which is not approved by the State Government, the Deputy Commissioner may draw up a scheme of which public notice shall be given by notification and by publication within the municipality together with an intimation of the date by which any person may submit in writing to the Deputy Commissioner any objection or suggestion which he may wish to make, and the Deputy Commissioner shall forward with his opinion any such objection or suggestion to the State Government and the State Government may sanction such scheme as originally notified or modified in consequence of any such objection or suggestion, as the State Government may think fit; and the cost of such scheme or such portion of the cost as the State Government may deem fit shall be defrayed from the municipal fund.

Provided that should a resolution refusing such sanction be suspended under section 247, the period prescribed above shall commence to run afresh from the date of communication of final orders by the State Government under section 250.

Explanation.—A scheme shall be deemed to have been proposed under section 202 if a requisition for its preparation has been received by the committee from the Deputy Commissioner or if the preparation of the scheme is under the consideration of the committee.

(3) The committee may refuse to sanction the erection or re-erection of any building for any other reason, to be communicated in writing to the applicant, which it deems to be just and sufficient as affecting such building, or if the land, on which it is proposed to erect or re-erect such building, is vested in the Government or in the committee and the consent of the Government concerned or, as the case may be, of the committee has not been obtained, or if the title to the land is in dispute between such person and the committee or any Government.

(4) Subject to the provisions of sub-section (1), the committee may sanction the erection or re-erection of any building either absolutely or subject to such modifications in accordance with the bye-laws and rules as it may deem fit.

Provided that should a resolution conveying or refusing such sanction be suspended under section 247, the period prescribed by clause (5) shall commence to run afresh from date of communication of final orders by the State Government under section 250:

206. Every sanction for the erection or re-erection of any building which shall be given or be deemed to have been given by a committee, shall remain in force for one year only from the date of such sanction, or for such longer period as the committee may have allowed when conveying sanction under section 199. Should the erection or re-erection of the building not have been commenced within one year and completed within two years or such longer period as may have been allowed by the committee, the sanction shall be deemed to have lapsed, but such lapse shall not bar any subsequent application for fresh sanction under the foregoing provisions of this Act.

the committee may, by notice to be delivered to the owner within six months from the completion of the building require the building, to be altered in such manner as it may deem necessary, within the period specified in such notice:

Provided that the committee may, instead of requiring the alteration or demolition of any such building, accept by way of compensation such sum as it may deem reasonable:

Provided also that the committee shall require a building to be demolished or altered so far as is necessary to avoid contravention of a building scheme drawn up under section 202.

208. (1) Where a building is begun as described in section 207 but not completed, the committee may, by notice, to be delivered to the owner within six months from the commencement of the building, or from the contravention of the terms of any sanction, or any bye-law framed under section 200, as the case may be, require the building operations to be discontinued from the date of the service of such notice.

Power of committee to stop building operations.
